

ANDRIAMAROLAHY RABETOKOTANY

📍 Antananarivo, Madagascar

✉ arabetokotany@aimsammi.org

🔗 <https://marolai.github.io>

SUMMARY

- Obtained a master's degree in AI
- Skilled in maths and programming
- Interested in computer vision, NLP, and deep learning in general
- Open for a PhD position

EDUCATION

- M.S., Artificial Intelligence - AMMI Rwanda** 2020
- Major: Machine Intelligence
 - Facebook & Google's scholarship recipient
 - Thesis: *Evaluating Modern Unimodal Baselines for Visual Question Answering*
- M.S., Mathematical Sciences - AIMS Senegal** 2018
- Option: cooperative education
 - Specialty: Big Data & Computer security
 - Thesis: *Robust Machine Learning With Imbalanced Data: Expanding Mixup*
- B.S., Applied Physics - University of Antananarivo** 2015
- Major: applied physics
 - Thesis: *Acoustic Waves Propagation in Porous Media*
- High school diploma, - Lycée Ambohitrimanjaka** 2011
- Option: C (scientific)

WORK EXPERIENCE

- R&D Scientist, Pulse Madagascar** Jan 2021 - Now
- Tech watcher
 - AI-powered services designer and developer
- Data science intern, Sonatel Senegal** May - Nov 2018
- Six months hands-on experience with machine learning
 - Topic: smart identity (image classification + optical character recognition)
 - Grade: distinction

WORKSHOP, SEMINAR & CONFERENCE

- SEAMS workshop, Muizenberg (South Africa)** Nov 2018
- Project design & planning
 - Workspace organization & tools

- Reuse & reusability
- Input & output
- High Performance Computing

Seminars, AIMS, Mbour (Senegal)

2017

- Entrepreneurship - Innovation - Leadership - Business
- Financial mathematics - Risk measures
- AI Masterclass & Developer Circles Dakar: facebook for developers

HEPMAD 16, Antananarivo (Madagascar)

2016

- 8th High Energy Physics International Conference
- Topics: QCD and related phenomenology, Physics of hadrons, CP-violation, Searches for Higgs-like bosons and for new physics at LHC

GRANTS & CERTIFICATES

- Full scholarship from Google and Facebook for a master's program in artificial intelligence at AMMI Rwanda, 2019.
- Full scholarship for a master's program in mathematical sciences at AIMS Senegal, 2017.
- Certificate of completion from the *Software Engineering for Applied Mathematical Sciences (SEAMS 2018)* workshop held at Muizenberg (South Africa), 2018.

INTERESTS & AFFILIATIONS

- **Interests:** computer vision, NLP, deep learning in general
- **Affiliations:** AIMS alumni, Black in AI

SKILLS

- **Technical:** maths, python
- **Languages:** Malagasy (Native), English (Good command), French (Good command).
